About Beacon

Beacon Cymru results from the merger in January 2025 of Coastal Housing and RHA Wales: two respected community landlords with reputations for excellence, innovation and being a positive force in the communities where they work.

At Beacon we're a team in the truest sense of the word. We value relationships highly, so we invest in them daily. As a result, our workplace culture is open, trusting and respectful. It's also safe, which we think is pretty critical to encouraging new ideas and approaches.

We employ almost 380 people across south west Wales and we trust every single one of them to know, and do, their work in the way that gets the best results for residents, the local community and the planet.

Beacon owns and manages almost 9,000 homes across South Wales. We aim to be an organisation for the future; one which constantly raises the bar to deliver improved services and homes for residents. We aim to deliver a greater number of new, high-quality homes each year; we're focused on growth and investment in existing homes and services, and we're a more resilient organisation with a wider geographical reach. We currently have over 500 new homes under constructions across the regions where we operate.

Beacon vision is to provide better places for people and the planet. Our purpose is to create lasting change you can see, through affordable homes, sustainable neighbourhoods, and vibrant town and city centres.

This is supported by our digital vision, which is to use technology to support and enable our aims and priorities, and to enhance our services, communication and interaction with residents and businesses across the communities in which we work. In doing this we will endeavour to create opportunities through our digital strategy for resident focus, innovation and sustainability.
